PROFESSIONAL SUMMARY

Flutter Developer with **4.4 years** of experience in designing, developing, and deploying cross-platform mobile applications for Android and iOS platforms. Successfully delivered applications serving over **100,000 users** with **99% crash-free rates**. Proficient in Clean Architecture, BLoC state management, REST API integration, and Firebase services. Expanded into full-stack web development at Parity Cube, contributing to the **LetsEarn website** using **React.js and Node.js**. Experienced in implementing CI/CD pipelines, conducting comprehensive testing with **85% code coverage**, and collaborating with cross-functional teams in Agile environments.

TECHNICAL SKILLS

● Mobile Development Flutter, Dart, Android, iOS, Cross-Platform Development, FlutterFlow, Play Store Publishing, App Store Publishing	● Web Development React.js, Node.js, Express.js, JavaScript (ES6+), REST API Development, Component-Based Architecture
● Architecture & Patterns Clean Architecture, MVVM, Repository Pattern, BLoC, GetX, Provider, SOLID Principles, Dependency Injection	● Backend & APIs REST APIs, GraphQL, WebSockets, MQTT, Dio, JSON Parsing, OAuth 2.0, Token Authentication, Node.js + Express.js
● Testing & QA Unit Testing, Widget Testing, Integration Testing, Mockito, TDD, LambdaTest, BrowserStack	● DevOps & CI/CD Codemagic, GitHub Actions, GitLab CI, Automated Builds, Release Management, Code Signing
● Firebase Services Crashlytics, Analytics, Cloud Messaging (FCM), Remote Config, Authentication, Firestore	● Databases MongoDB, Firebase Firestore, SQLite, AsyncStorage
● Tools & Platforms Git, GitHub, GitLab, Bitbucket, Jira, Figma, VS Code, Android Studio, Xcode, Postman	● Integrations Razorpay Payments, WebEngage, Branch.io, Deep Linking, BLE, IoT Development

PROFESSIONAL EXPERIENCE

Parity Cube Pvt. Ltd.

Flutter Developer & Full Stack Developer (Mobile | React.js | Node.js)

Mumbai, India

June 2024 – Present

Developing Flutter mobile apps and contributing to the React.js/Node.js web platform in the fintech domain. Collaborating with product managers, designers, and backend developers to deliver robust cross-platform solutions.

LetsEarn — Mobile App & Web Platform

 Flutter Mobile  React.js Web  Node.js Backend

Cashback and affiliate rewards platform — contributed across mobile app, web frontend, and backend API

- **Architecture & Design:** Designed complete mobile architecture using Clean Architecture and BLoC pattern, creating reusable components that reduced new feature development time by 40%.
- **Web Frontend:** Built and maintained the LetsEarn website using React.js — developed reusable UI components, implemented responsive layouts, and integrated backend APIs for a seamless user experience.
- **Backend Development:** Developed RESTful APIs using Node.js and Express.js to power both the mobile app and web platform, handling authentication, campaign data, and referral tracking.
- **User Engagement:** Implemented deep linking via Branch.io for referral tracking and Firebase Cloud Messaging for push notifications, improving user engagement by 25%.
- **Technical Problem Solving:** Resolved Android 64K method limit through ProGuard/R8 optimization, reducing APK size by 35%.
- **Quality & DevOps:** Achieved 85% code coverage. Configured Codemagic CI/CD pipelines reducing deployment time by 60%.

KEY RESULTS:

900+ Active Users 99.5% Crash-Free 4.2+ Star Rating 85% Code Coverage 60% Faster Deployments

Technologies:  Flutter  React.js  Node.js  Dart  Express.js  BLoC  Clean Architecture  Dio  Branch.io  FCM
 Crashlytics  Codemagic

Zingoy Mobile Application — Enhancement & Maintenance

India's leading cashback and gift card platform serving a large and diverse user base

- **Large-Scale Management:** Maintained production app for 50,000+ active users with zero-downtime deployments and smooth update experiences.
- **Payment Integration:** Integrated Razorpay supporting UPI, cards, mobile wallets, and net banking with secure transaction handling.
- **Analytics & Retention:** Implemented Firebase Analytics with UTM tracking and WebEngage SDK, improving user retention by 18%.
- **Performance Optimization:** Achieved 22% stability improvement, 30% faster startup, and 25% memory reduction.
- **Production Support:** Resolved 50+ issues via Crashlytics across 50+ device configurations on LambdaTest.

KEY RESULTS:

50,000+ Users 22% Stability Boost 30% Faster Startup 25% Memory Reduction 50+ Bugs Fixed

Technologies:  Flutter  BLoC  Razorpay  WebEngage  Firebase Analytics  LambdaTest

Network Components Private Limited

Junior Software Engineer (Flutter Developer)

Pune, Maharashtra

August 2021 – May 2024

Developed IoT-based mobile applications for smart home automation systems. Collaborated with hardware engineers and backend developers to create intuitive interfaces for connected devices. Gained deep expertise in real-time protocols and Bluetooth connectivity.

Enviroklenz & Clouzer Edge — IoT Smart Home Applications

Smart home control apps for managing lights, HVAC systems, motorized shades, and air purifiers

- **Multi-App Development:** Delivered 3 IoT Flutter apps serving 5,000+ installations with a shared reusable component library.
- **Smart Device Integration:** Built control interfaces for lights, HVAC, motorized shades, and air purifiers with real-time monitoring.
- **Connectivity Solutions:** Implemented BLE and WiFi provisioning with secure pairing flows and firmware update capabilities.
- **Real-Time Communication:** Integrated MQTT and WebSockets for bi-directional communication between app and IoT devices.
- **Quality Standards:** Achieved 75% code coverage and reduced critical bugs by 35%.

KEY RESULTS:

3 Apps Delivered 5,000+ Installations 75% Code Coverage 35% Bug Reduction

Technologies:  Flutter  Dart  BLoC  BLE  MQTT  WebSockets  Firebase

EDUCATION

Bachelor of Engineering in Computer Engineering

Savitribai Phule Pune University (SPPU), Pune, Maharashtra

2017 – 2020

Diploma in Information Technology

Government Polytechnic, Amravati, Maharashtra

2014 – 2017

CERTIFICATIONS & AWARDS

Star of the Quarter — Q4 2021

Network Components Pvt. Ltd. – Recognized for outstanding performance and exceptional contributions to IoT application development projects.

Android App Development Certification

TataStrive – Certified in Android development fundamentals, UI design patterns, and mobile application best practices.
